BUILDER AND COLORED ACRYLICS

MASTER POWDERS

FASTER CURE TIME, CURE SMOOTHLY AND QUICKLY . FOR COMPETITIONS AND EXPERIENCED NAIL TECHNICIANS. THE EVEN GROUND ACRYLIC GRAINS ENSURE THE NON-BUBBLE COVER

CRYSTAL CLEAR

- water-clear transparent powder
- due to its fast cure it is excellent for covering the free edge so that the materials shall cure at the same time and the nail could be sculpted easily
- being so clear it is suitable for covering colored free edges

SUPER WHITE

- bright white
- fast-cure acrylic powder

DARK PINK

TRANSPARENT, DARKER PINK POWDER

- excellent on top of Cover Pink powder for nail bed enhancement
- for a darker skin type
- it makes a beautiful contrast with a white free edge for nails without nail-bed extension

MASTER I. ACRYLIC KIT

THE KIT CONTAINS:

- Master powders (Dark Pink 3,5g, Crystal Clear 3,5g, Super White 3,5g)
- Liquid 30ml
- Crystal Nails form sample

MASTER II. ACRYLIC KIT

THE KIT CONTAINS:

- Master powders (Dark Pink 3,5g, Crystal Clear 3,5g, Super White 3,5g)
- Liquid 30ml
- Crystal Nails form sample

For experienced nail techs and competitors: creamy, a more faster curing powders. For the beautiful French nails, specifically designed for the customer needs.

SLOWER POWDER

SLOWER CURE TIME, SMOOTHLY AS POSSIBLE. CAN BE SHAPED, SCULPTED AND CURVED FOR A LONGER TIME. THESE POWDERS ARE GOOD FOR LESS EXPERIENCED ACRYLIC NAIL TECHNICIANS, NON-YELLOWING, CREAMY FORMULA, BUBBLE-FREE, DUE TO ITS FINELY GROUND INGREDIENTS.

For the slightly slower pace of work: creamy powders with a slower curing time and a longer formability. Thanks to the fine grinding, the powder-liquid scoop applied to the brush has a creamy texture, can be easily shaped and is bubble-free.

TRANSPARENT PINK

- lighter, transparent pink
- for a lighter skin type
- for the less experienced nail technicians it's good for nail-bed enhancement

ULTRA WHITE

- bright white
- perfect for salon work as well as for competitions

CRYSTAL CLEAR

- water-clear transparent powder
- due to its fast cure it is excellent for covering the free edge so that the materials shall cure at the same time and the nail could be sculpted easily
- being so clear it is suitable for covering colored free edges

SOFT WHITE NATURAL OFF-WHITE

- off-white powder
- for lovers of natural effects
- can also be used to create a nail moon in competitions

Available only in 17 g and 28 g

CN Advise:
For guests who don't like dazzling white nails

SLOWER ACRYLIC POWDER KIT

THE KIT CONTAINS:

- Slower Powders (Transparent Pink 3,5g, Ultra White 3,5g, Brilliant Powder 3,5g)
 - Liquid 30ml
- Crystal Nails form sample

COVER PINK POWDERS

OPTIMAL COLORS, GOOD COVERAGE, WIDE RANGE OF COLORS, MATCHING TO ALL OF SKIN TYPES, EASY TO SHAPE AND SPREAD, LONGER SHAPING TIME

POPULAR

The winning material of the World Champion

COVER PINK NAILBED EXTENSION PINK

- warm color effect, popular general color
- the most popular shade
- matches with most of the skin tones

NEXT

Available only in 17 g and 28 g

COVER PINK NEXT DARKER PINK NAILBED EXTENSION

- darker, violet-like color
- cold shade
- perfect cover formula
- can be combined with lighter shade free-edge

COVER PINK - X

Available only in 17 g and 28 g

COVER PINK X LIGHTER NAILBED EXTENSION PINK

- light baby pink colour
- cold-effect
- perfect cover formula
- for lighter skin tones
- can be combined with dark free edges easily

CRYSTAL

Available only in 17 g and 28 g

COVER PINK CRYSTAL SPARKLING PEARLY WHITE

- Beautiful pearly color
- Silvery ice-crystal shine, cold-effect
- Its base is the Cover Pink so it matches with most of the guests' skin tone

The cover pink material is for the aesthetic extension of the nail bed and to eliminate the growth of the smile line, which is the same colored material as the natural nail bed. It is available in a variety of colors to find the right shade for every skin type. It should be thicker than the smile line for proper coverage. Thin it towards the cuticula so that the outgrowth becomes invisible. If required, cover the Cover Pink with clear pink acrylic powder for a more vibrant color - or use it alone.

**Acrylic is
in the lead**

BABYBOOMER ACRYLIC KIT – FOR BABYBOOMER TECHNIQUE

BabyBoomer technique is very popular among the sophisticated clients. The essence of it is that the white free edge is mashed with the nailbed pink. So this technique makes you capable of building a nail what will look like if it's growing slower, and the result is more natural than in case of classic French nails. With this kit, you can easily create the this design, the only thing you need is your favorite acrylic brush. (On the BabyBoomer nails any type of nail art design looks amazing, such as Sugar Effect, velvet powder, Crystal mermaid powder or gel painting.)

The kit contains:

- Soft White Slower Powder 17g
- Xtreme Crystal Clear Slower Powder 17g
- Cover Pink Master Powder 17g

CRYSTAL LIQUID

High quality liquid, which provides a suitable cure time for the acrylic powders. Relentlessly strong, fragrant air-cure, blue liquid, in which the acrylic grains are binding in a very strong way; they stick into the surface of the nail and do not give room to yellowing. Due to its special nature it provides flexibility to the material when being decorated and sculpting.

UV LIQUID

Odorless, clear liquid. It is characterized by a longtime shaping time (can be formed endlessly) since it cures only in the UV lamp. Due to the sticky layer forming on the surface working with it can be slower than the scented version.

Strong liquid
with maximal
adhesion.

The material
of the World
Champion

LIQUID HOLDER

Double-walled thermal-balance liquid container for your acrylic cure not to accelerate in the summer and slow down in the winter. It provides the optimum temperature for the appropriate cure. The brush can be dipped into the liquid completely without touching the bottom of the jar. This way more fluid can be put on the brush and the brush tip will not be damaged. The cork will stop the liquid to evaporate.

ACRYLIC COLOR POWDERS

STORNG PIGMENTATION, OPTIMAL CURING TIME, FINE GRINDING

7g

High covering formula with a wide variety of powders. Finely ground, they require more liquid than the building powders. Powders containing color pigments, glitters must be absorbed by a dry paper towel in order to get the proper color and texture. Thus your favorite color acrylic will be easy to use. When using them build a thin transparent base, or put directly onto the template. Cover them with Clear material.

Remarkable and vivid,
good coverage

1. METAL POWDERS - SNOW CRYSTAL COLLECTION

Snow crystal collection - fine sparkling with velvety effect

2. BRILLIANT ACRYLIC POWDER

Spectacular brill effects, colours and shine. Amazing coverage. Around 300 colours – 15 different effect.

ACRYLIC COLOR POWDERS

STORNG PIGMENTATION, OPTIMAL CURING TIME, FINE GRINDING

2. BRILLIANT ACRYLIC POWDER

Spectacular brill effects, colours and shine. Amazing coverage. Around 300 colours – 15 different effect.

Shine bright like a diamond! More stronger shining than ever before!

Built acrylic nails with colored ends

The nail was made with **Cover Pink**, **Transparent Pink acrylic powder** and the decoration was made with **white Xtreme Aquarell** by Edina Sikari

PREPARATORY AND ADDITIONAL LIQUIDS

PREPARATORY AND ADDITIONAL LIQUIDS

CRYSTALSEPT CRYSTALSEPT STERILIZING SOAP AND HAND STERILIZER GEL

Directly applied by undiluted form to the hands or other areas of the skin to be disinfected. It is a bactericidal, antifungal, and antiviral agent.

Sterilizing hand washing soap. Antimicrobial spectrum-effect: bactericide, yeasticide. Available with practical, fresh Lemon scents.

These antiseptic gel can be use without water. These aren't just protects from the, "usual" bacteria but protects from viruses and fungus as well. Antimicrobial spectrum-effect: bactericide (MRSA), fungicide, tuberculo-cide. Available with practical, pumping dispenser Nature and Aloe Vera scents.

SPRAY PREP ALCOHOLIC

A large amount of nail preparatory liquid in a practical pump spray form. It can be used as a hand and nail cleaning spray at the beginning of the treatment. Due to its degreasing effect it helps the adhesion of the template on the skin. For template building instead of Nail Prep we should use it as dehydrating cleaning liquid sprayed in the nails.

1.

STEPS OF USAGE OF THE LIQUIDS:

1.

2.

3.

only for problematic nails

NAIL PREP

Fungus preventive and dehydrating, PH-balancing preparatory liquid. Before using the Primer you have to wait until it dries completely. Its composition is the same as Spray Prep. Use it for building nails with tip.

ACID-PRIMER

Adhesion promoter liquid which distracts the moisture from the layers of the nail. After the drying of Nail Prep or Spray Prep it should be applied in a thin layer on the surface but before that the excess on the brush must be left on the bottle neck or absorbed by a dry towel. Due to its acid content it must not touch the skin. It must be fully dry because it completes its effect over time! If it gets on the surface in a thick layer the nail plate would only dry seemingly.

ACID FREE PRIMER

Completely acid-free, adhesion promoter liquid, which does not dry out completely it will still have a sticky layer. Therefore it should be applied in a thin layer, because this double-sided sticky part will function as an adhesive between the nail plate and the material that will be put on it. If we put more acid free primer, this sticky bit will be thicker so the material on it will not stick on the nail plate and will peel off. The excess on the brush must be left on the bottle neck or absorbed by a dry towel so that no extra amount will get onto the nail.

1.

2.

3.

PREPARATORY AND ADDITIONAL LIQUIDS

XTREME FUSION ACRYLGEL THINNER

This new additional liquid was developed for Xtreme Fusion AcrylGel. It does NOT dry the fur of the brush and it does NOT have an unpleasant smell like the liquid has. It makes the colors more vivid.

NO BUFFER SCRUB - MILD AND SUPERFAST PREPARATORY

Mild and superfast preparatory liquid for CrystalLac. Newly developed preparatory material that makes the classic CrystalLac and the ONE STEP CrystalLac processes ever so mild. The No Buffer Scrub replaces the use of Nail Prep/Spary Prep and the Primer as well as the buffering at ONE STEP CrystalLac. It has a strong dehydrating and degreasing effect so the nail does not need any more preparation. Soak a fiber-free paper towel in No Buffer Scrub and rub the nail with it thoroughly. To have a better result after some fingers change the paper towel and get a new one.

CN Advise:

It can be used on the nail without buffing or matting the nail.

CLEANSER - GEL FIXING

This cleansing product removes the sticky layer of builder gels and gel polishes. In different sizes.

CLEANSER GEL FIXING :

This scented cleansing product removes the sticky layer of builder gels and gel polishes. Leaves a nice scent on the skin and nail. In different sizes.

PREPARATORY AND ADDITIONAL LIQUIDS

SCENTED CRYSTAL NAILS TIP-, ACRYLIC AND CRYSTALAC REMOVER

Extra strong remover liquid for tip-, acrylic and Crystalac with aloe vera, glycerine and panthenol. The aloe vera is nourishing and moisturizing the skin and the panthenol makes it so soft. In chamomile and green tea scents.

Chamomile

Green tea

ACRYL REMOVER

Tip and acrylic remover liquid with lanolin that protects the skin from drying and becoming white.

Use it with
wrap foil

UNIVERSAL REMOVER KIT

With the help of the kit Crystalac, tip, acrylic and nail varnish can be removed easily. The removing process is more effective and material saving.

This kit contains:

- 20 pcs remover foils
- 2 pcs orange wooden sticks (to push back the cuticle and remove the dead skin from the nail plate)
- Acryl Remover
- Soft touch buffer
