SENS BY CRYSTAL NAILS

BASE GEL

BASE GEL DEVELOPED FOR ESPECIALLY FOR STRENGTHENING TECHNIQUE.

“LIQUID-LIKE BUILDER GEL”

Base and strengthening gel with extra strong cohesion. This bigger version of the product is perfect for everyday salon work because easier to work with the bigger jar: easier to gain the material from it, the surface can be made faster and the chance for creating bubbles in the nail is less last but not least it could last longer. Both of them have excellent coverage and the cohesion is the same as the Clear. It could be especially charming for french, babyboomer nails, base for any nail art or by itself. This is the strongest known Base Gel on the market right now, specially developed for strengthening technique. Due to its special component, it is unique among base gels. It has tiny little artificial silk strands in it, making the product thicker and more flexible. Beyond that; this new technique can help with the preparation of the surface and C-curve, due to its consistency, it will not flow over the lateral nail fold or near the cuticle. It can also help with the cohesion too speeding up the process. The product contains vitamin 'E' and calcium. The order of base gels by cohesion: Sens Base Gel, Compact base Gels, Builder Base Gel, Universal Base Gel, (Easy Off Hardener Gel). This product will not get hot during the curing, remains flexible and it will not break. Curing time: 2-3 min in UV, 1-2 min in LED.
